Dear Year 6 Parents,

Re. mobile telephones in school

Our Year 6 team have voiced concerns that they are collecting, storing and giving back mobile telephones to large numbers of Year 6 children. This task is time consuming for staff at - what are already - extremely busy times.

If your child has a good reason for needing a mobile telephone for their journey to school, I will grant requests from families. I am informing Year 6 today that any telephones in school from Monday 16th, without a letter from parents, will be confiscated and only returned to parents or carers.

Please bear in mind that telephones brought into school are done so at your own risk.

Yours sincerely

Nick Bonell

Headteacher
